Full Stack Web Developer with a background in customer service and life-long dedication to learning. Effective at logical problem solving to develop powerful user-friendly applications. Known among staff for being caring and always keeping a level head in difficult situations.

TECHNICAL SKILLS

HTML, CSS, Git, JavaScript, Node.js, MySQL, MongoDB, React.js, CircleCI, C#, ASP.NET, Firebase

PROJECTS

Devlr | https://github.com/brandyquinlan/devlr | https://devlrapp.herokuapp.com/
- Full MERN stack application
- devlr is a social media/portfolio/networking site designed just for developers.
- Responsibilities included CI/CD via CircleCI, server management, React state management, andSocket.io testing / deployment
- Built with: React, react-bootstrap, Socket.io, MongoDB, Expres, and Node.js

PAIR | https://github.com/brandyquinlan/PAIR | https://brandyquinlan.github.io/PAIR/
- A launching pad for at-home culinary and bartending inspiration.
  Search for food or drink recipes, and save your favorites for later
- Responsibility included writing all the JavaScript to produce the functionality of the app
- Built with: HTML, CSS, Materialize, JavaScript, jQuery, Cocktail DB (free API), Spoonacular (free API)

Weather Dashboard | https://github.com/Keaton-Brewster/Weather-Dashboard | https://keaton-brewster.github.io/Weather-Dashboard/
- A clean and useful application for finding the current weather, and weather forecast for any city across the globe
- Built entire application from scratch
- Built with: HTML, CSS, Bootstrap, JavaScript, jQuery, day.js, Openweather API

EXPERIENCE

Window Installations   *June 2021 – Present*
Uhl Installations   *Kansas City, MO*
Was provided an opportunity to join Uhl Installations and took it to broaden horizons and learn a new skill. Fast pace learning combined with hands-on problem solving have made it a rewarding endeavor.

Cafe Manager   *2017 – June 2021*
PT's Coffee Roasting Company   *Kansas City, MO*
Responsibilities include: Creating everyone's schedule, managing all cafe employees / addressing conflict in the workplace, providing exceptional customer service
Key Accomplishments:
- Helped open new cafe in downtown KC, to serve businesses, residents , and travelers alike
- Hiring and managing an excellent staff
- Navigating the pandemic crisis, and implementing new strategies to succeed despite the decline in business

Freelance Carpentry   *2020 – Present*
Started freelance carpentry projects on the side as a hobby, and way to make extra income and express creativity. Small in scope, but focused on quality and personal relationships

EDUCATION

Full Stack Web Development Certificate: *University of Kansas, Lawrence, KS*
A 24-week intensive program focused on gaining technical programming skills in HTML, CSS, JavaScript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
Associate of Science: *Allen Community College, Iola, KS*
